

APA Blend Plus

4.6 oz Item # 21-333

- ◆ Contains a unique array of micronutrients
- ◆ Helps balance the body's "internal ecosystem"
- ◆ Supplies essential "good bacteria" and enzymes for proper digestion
- ◆ Contains glucosamine for healthy joint support
- ◆ Offers key antioxidants that help protect against free radical damage
- ◆ Provides outstanding nutritional support for people and pets

ALGAE, PROBIOTICS, ANTIOXIDANTS, PLUS

Human bodies need a well-rounded diet in order to function optimally. It's no surprise to learn that animals need basic nutrition to keep their systems running smoothly too. Simplicity Health's APA Blend Plus provides both people and animals with nutritionally dense Super Blue Green® Algae, Spectrabiotic® (our exceptional mix of probiotics and enzymes), antioxidant-rich organic wheat sprouts, and 700 mg of glucosamine per teaspoon for healthy joint support—all in a convenient shaker bottle. SBGA contains a unique array of micro-nutrients for general well-being, and our probiotics supply friendly bacteria that are essential to the health and balance of the gastrointestinal tract—of both people and animals. Sprouted grains are among the best sources of antioxidants, which are a major defense against free radicals that can cause oxidative damage to cells and are partly responsible for negative changes associated with aging and various health problems. This extraordinary blend was formulated to give you and your animals a superior combination of all these nutrients that help balance the body's internal ecosystem—naturally.* Each serving is also rich in essential fatty acids, trace minerals, and phytonutrients for overall health, all in easy-to-use powder form. Enjoy the benefits and convenience of this blend of powerhouse products!

APA BLEND PLUS

Supplement Facts

Serving Size: 1tsp (3 g)

	Amount Per Serving	% Daily Value*
Calories	10	
Total Carbohydrate	1 g	<1%
Vitamin A (beta-carotene)	700 IU	14%

*Percent Daily Values are based on a 2,000 calorie diet.

†Daily Value not established.

Ingredients

Cellulose, maltodextrin. Contains milk, shellfish (crab, crayfish, shrimp), soy, wheat. (Milk and soy are contained in the growing medium for probiotics. Glucosamine is derived from shellfish chitin).

Suggested Use

2.5 grams (approximately 1 teaspoon) or more each day, based on your individual needs. For small animals (dogs, cats, etc), sprinkle 1/4 teaspoon (2 shakes) daily per 20 pounds of animal weight. For larger animals (such as horses), mix 1/4 teaspoon per 250 pounds of animal weight daily. For growing/ breeding and performance animals, use 1/2 teaspoon per 250 pounds. You may wish to adjust this amount based on your pet's individual needs.

Storage

Best if refrigerated. Keep lid tightly closed.
